

Malcolm Albergo-Radisch

919-797-7684 * Durham, NC 27704 * maalberg@ncsu.edu

Objective

Seeking opportunities to apply my interests in regenerative medicine, imaging, and lab management.

Education

North Carolina State University (NCSU), College of Engineering Raleigh, NC Aug 2023-Present

University of North Carolina at Chapel Hill (UNC), School of Medicine Chapel Hill, NC Aug 2023-Present

Undergraduate in Lampe Joint Department of Biomedical Engineering, NCSU & UNC

- Expected Graduation May 2027 | GPA: 3.337
- Minor: Teamwork in Interdisciplinary Biomedical Research, NCSU

North Carolina School of Science and Mathematics (NCSSM) Durham, NC Aug 2021-May 2023

Experience

Undergraduate Research Fellow, NCSU Raleigh, NC May 2025-Present

- Studied under Dr. Jorge A. Piedrahita at the College of Veterinary Medicine. Produced novel methods for lung inflation with agarose and learned cryostat, IHC staining and RNA-seq data analysis methods. Analyzed IHC and H&E images of fibrotic airways in QuPath.

Village Mentor, Albright Entrepreneurship Village (AEV), NCSU Raleigh, NC Mar 2025-Present

- Planned and executed events for the entrepreneurship community on centennial campus at NCSU. Built community through a shared entrepreneurial and innovative spirit.

Lab Education Facilitator, Museum of Life & Science (MLS) Durham, NC Nov 2023-Jan 2026

- Worked in the Education and Engagement department. Utilized inquiry-based learning to engage young learners, facilitated spaces and experiments for guests of the Museum. Trained in animal, insect, planetarium and liquid nitrogen demonstrations.

Relevant Coursework

Engineering Economics (Uninorte. Barranquilla, Colombia) - Present worth, benefit/cost ratios

Junior Design - Solidworks modeling and simulation, manufacturing processes, traceability matrix

Signals & Systems – Signal analysis on the time and frequency domain, MATLAB, linear algebra

Fund. Tissue Engineering – Design, production and seeding of scaffolds for 3D culture; bioreactors

Human Physiology: Mech. Analysis – Fluid dynamics applied to circulatory, pulmonary and renal systems

Awards and Certifications

VenturePack Challenge Finalist, NCSU

Dean's List – 4 semesters, NCSU

Force Multiplier Award 2025, NCSU I&E

Human Subjects Protection: Biomedical Research, CITI

Organizations and Service

University Honors Program, NCSU

Carolina Diplomacy Fellows, UNC

Grand Challenges Scholars Program, NCSU

Photography TA, NCSSM

Innovation and Entrepreneurship, NCSU

Eagle Scout, Boy Scouts of America

Skills

Image analysis - QuPath, Fiji

Coding - Python, R, MATLAB

SolidWorks - modeling, simulation

Event Planning

Organizing

Public Speaking

Music - Guitar, Bass

Reptile and mammal handling

Insect and arachnid handling
